

How To Draw A Hedgehog.

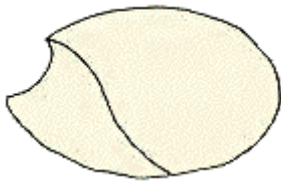

It's fun to draw hedgehogs. Here is a simple way to draw one:

Draw an egg shape with a pencil.

Take an eraser. A curved line will make the face.

Add a line for where the prickles begin.

Now he or she will need a nose, a mouth, an eye, an ear and lots of prickles.

And, don't forget, feet!

When you draw your hedgehog's features, you'll notice, that even the smallest change will give your animal a different expression.

That's why each hedgehog you create will be unique.

Now draw your own hedgehog family!
